## A Message from Mrs Kee

Welcome back after the Easter holiday – I do hope you all had a lovely break. The children have quickly settled back into school and have really enjoyed some of the exciting things we had planned for the first week back as well as getting straight back into their learning. Well done!

Our May Day events, to celebrate Spring, were a huge success and well attended by parents. In line with our school ethos, May Day traditions have a community focus. They include dancing and singing together. At VWA, as well as sharing these traditions, our children created the most beautiful and personalised maypoles I have ever seen! Year 2 children enjoyed performing at Holly Green and sharing their singing within the community. We managed to capture some of the special moments from yesterday and these are included in this week’s newsletter.

Year 1 were so pleased to have some grandparents visit our school to talk about their experiences of Burton when they were younger. The children were fascinated! Thank you so much for the grandparents that were able to give their support in bringing history and geography alive in the classroom.

Our assembly this week focused on relationships and I asked the children to consider what ingredients they would put in a ‘recipe for a friend’ – have a look in the newsletter for some of their wonderful responses. Enjoy the bank holiday , See you next Tuesday, *Mrs Kee*

## Hepatitis Information

You may have received this information from other sources, or may have seen it covered in the media recently, but we felt it important to share with you through the Newsletter too.

The number of cases of Hepatitis (inflammation of the liver) in children across the UK has recently increased. Public health doctors and scientists are looking into what could be causing this. The reports state that the current thinking is that it is related to children not being able to build up immunity to viruses and infections during the lockdown period.

The advice is that parents see a GP if their child has symptoms of Hepatitis, which includes yellowing of the eyes and skin (jaundice). Please always inform school if your child is going to be absent for illness and let us know if you are given any information from medical professionals if you seek advice.

Good hygiene, including supervising hand washing in young children, can help to prevent infections that can cause Hepatitis. In school, we continue to support and encourage good hygiene practices for all children. For more information on Hepatitis, please see the NHS webpage [Hepatitis - NHS \(www.nhs.uk\)](https://www.nhs.uk)
