

Year 1 'Castles' Curriculum Day - Wednesday 1st December

As part of our unit of learning about Castles, we will be holding curriculum enhancement day on Wednesday 1st December.

During the day children will be invited to come dressed as a character that may have lived in a castle. This could be a king, queen, Lord, Lady, princess, prince, knight, page boy, soldier, jester, servant or anyone from your imagination! Please do not think that you need to purchase an outfit for this event as the children often enjoy making their own at home— a homemade crown made from card and decorated with felt tip and/or a piece of material for a royal robe would be perfect! Please speak to your class teacher if you need any ideas or need help with supplying an outfit.

Children will participate in a range of planned activities including a royal-themed dance workshop led by a professional dancer and drama. They will also enjoy visiting the princess from our story of George and the Dragon at a special banquet!

This will be a great opportunity for children in Year 1 to apply and celebrate their learning from our 'Castles' topic.

Kindest regards,

The Year 1 Team
