

Dear Parent /Carers,

Year 1 Animal experience event Monday 13th March

The children have been loving their science topic which has included identifying different animal groups and learning the differences and similarities between animals.

As part of this topic, we are delighted to provide an enhanced learning opportunity and have invited “Animal Magic” to come into school on **Monday 13th March** along with an array of exciting animals. All children will have the opportunity to closely observe and learn about a range of animals in their class. This will be a fantastic opportunity for the children to apply their knowledge of different animal groups and make observations of animals. For this event to take place we are asking for a voluntary contribution of £4.50 which can be paid via Parent Pay.

If your child has any known animal allergies or you have any questions or concerns please speak to your class teacher.

Kindest regards,

Year 1 Team
